PROFESSIONAL SUMMARY

I possess strong self-motivation and organizational skills, allowing me to excel in fast-paced and challenging environments. With a clear and logical mind, I approach problem-solving with a practical mindset, ensuring tasks are completed efficiently and effectively. Whether working independently or as part of a team, I am reliable, trustworthy, and dedicated to continual learning and growth.

Primary Skills

React Native, Expo, React, Typescript, Jest, React testing library.

Experience

MAR 2024 - Present

DTMG(contract) – Senior React Native Developer

I am leading the development of the Hays Travel app for DTMG using React Native. I manage client communication for requirements, feedback, and new features, coordinate with the backend team, and handle deployments on Firebase, TestFlight, app stores and google play. I also review issues, track bugs, and collaborate with the client's QA team to ensure smooth testing.

JUNE 2022 - FEB 2024

Anthrophi Technologies Ltd – Senior React Native Developer

- Providing effective guidance to a team of developers, enabling them to reach their full potential and excel in their roles.
- Skillfully managing project timelines and resources, consistently delivering high-quality results on schedule.
- Maintaining clear and open communication within the team, stakeholders, and clients, facilitating a smooth and transparent development process.
- Spearheading the creation of new app features, from UI enhancements to novel functionalities, ensuring a delightful user experience.
- Demonstrating strong troubleshooting skills in resolving bugs, thereby guaranteeing the seamless operation of our applications.
- Implementing and advocating best practices for **code quality, security, and scalability**, ensuring the long-term success and client satisfaction of our applications.
- Prioritizing comprehensive testing and rigorous quality assurance, upholding a standard of exceptional app **performance and reliability**.

- Staying at the forefront of the latest React Native and mobile development trends, seamlessly integrating the most relevant and effective solutions into our projects.

OCT 2019 - APR 2022

Loosid – React Native Developer

- Leveraging **React Native**, **JavaScript**, and associated tools to craft cutting-edge cross-platform mobile applications that meet and exceed industry standards.
- Elevating the user interface of the **Loosid mobile application** through comprehensive UI component updates, resulting in a visually stunning and highly user-friendly design.
- Successfully implementing data retrieval and management within the app, seamlessly integrating **GraphQL** and **REST APIs** to optimize communication with backend servers, resulting in efficient data handling.
- Establishing clear and constructive communication channels with team members and stakeholders, fostering alignment and contributing to the successful realization of project goals.
- Harnessing the power of **RealmDB**, a robust mobile database, to empower seamless offline functionality and data synchronization, ensuring uninterrupted data access and user experience.

FEB 2017 - SEP 2019

Mobile App Developer – GOL Technologies

- Mastered a diverse set of technologies, including **React Native**, **Android**, **iOS**, and the **Ionic Framework**, to drive cross-platform development, resulting in a highly efficient and streamlined app deployment process.
- Served as a key driver in the development of multiple mobile applications, including **Alive5**, **Ask-DoSS**, and **Frasers Experience**, overseeing the entire project lifecycle from concept to successful completion.
- Introduced advanced features such as **Sockets** for **real-time communication**, **push notifications** to boost user engagement, **SQLite DB** for efficient local data storage, and **Deep Linking** to enhance user navigation, all contributing to an enriched app experience.
- Flawlessly integrated payment gateways, including **Stripe** and **2checkout**, to ensure the applications facilitate secure and smooth transactions, enhancing user trust and satisfaction.
- Adopted a comprehensive approach to app development that encompassed not only UI design but also seamless API integration, adaptable theme implementation, and the integration of state-of-the-art features, resulting in a well-rounded and successful development process.
- Achieved seamless API integration, optimizing data retrieval and bolstering app functionality. Skillfully customized and refined themes to conform with evolving design standards, guaranteeing a unified and refined user interface.

Education

2010 - 2014

AAUR – BSCS

Completed my 4-year graduation degree in computer science.

2008 - 2010

F.G LADC – Intermediate - ICS

Majors: Mathematics, Physics, Comp. Science.

2006 - 2008

F.G School CMT & SD –Matric

Majors: Mathematics, Physics, Chemistry

Projects

Hays Travel

The Hays Travel App makes travelling easier by providing access to all necessary information anytime, anywhere, even offline. The customers can access all their booking details in one place, eliminating the need to search through emails or contact agents for tickets. Everything you need is at your fingertips.

iOS app: <https://apps.apple.com/gb/app/hays-travel-app/id6670787573>

Android app: <https://play.google.com/store/apps/details?id=com.haystravelapp>

Frasers Experience

Shop your favorite brands on Frasers eStore, order must-eats on Frasers Makan Master, send loved ones FRx Gift Cards, and unlock a bounty of rewards all at the same time. It's seamless, convenient, and on-the-go!

iOS app: <https://apps.apple.com/sg/app/frasers-experience/id1441727505>

Android app: <https://play.google.com/store/apps/details?id=com.frasersexperience.app>

Driving Test Date Finder

Designed for convenience, the app allows you to effortlessly discover earlier driving test slots across various UK centres. Select up to three preferred test centres, excluding your current one, and let Driving Test Slot Finder do the rest

iOS app: <https://apps.apple.com/gb/app/driving-test-date-finder/id6479989132>

LOOSID: Sober Social Network

The sober social network & addiction recovery app. Live sober, love sober.

You don't have to be face-to-face to socialize! Joining and getting involved in our positive, vibrant community is a great way to stay connected during these turbulent times.

Featured in Forbes, Today, People, NY Times, Good Morning America, and more!

iOS app: <https://apps.apple.com/us/app/loosid-sober-healthy-living/id1413514350?ls=1>

Android app: <https://play.google.com/store/apps/details?id=com.loosidapp&hl=en>

Driving Theory Exam Kit 2025

Comprehensive Question Bank: Practice with 800+ up-to-date questions covering all essential topics.

- Unlimited Mock Tests: Simulate real exam conditions to build your test readiness.
- Hazard Perception Videos: Enhance your hazard recognition skills with 36 interactive clips.
- Highway Code & Road Signs: Study all necessary rules and signs to ensure thorough preparation.
- Progress Tracking: Monitor your improvement and focus on areas needing attention.
- Offline Access: Study anytime, anywhere without internet connectivity.

iOS app: <https://apps.apple.com/gb/app/driving-theory-exam-kit-2025/id6742053271>

Android app: <https://play.google.com/store/apps/details?id=uk.driving.theory.test.app>

Shae: Virtual Health Assistant

Personal Health Assistant. Shae helps you stay healthy and feel your best by harnessing the power of your heritable traits to provide real-time precision nutrition and lifestyle advice, on-demand. Shae integrates with your Health App! Connect your Health App for even more unique insights!

iOS app: <https://apps.apple.com/us/app/shae-virtual-health-assistant/id1148524178>

Android app: <https://play.google.com/store/apps/details?id=com.ph360.shae&hl=en&gl=US>

ShaeFit: Precision Fitness

On-demand, 24/7. 3,500+ tailored exercises. 25,000+ healthy recipes. Fully integrated precision training and nutrition programs for max results. Scientifically validated. Trusted by medical doctors

iOS app: <https://apps.apple.com/au/app/shaefit-precision-fitness/id1401245858>

Android app: https://play.google.com/store/apps/details?id=com.shaefit&hl=en_GB&gl=US

Walterscheid Connected Service

Walterscheid Connected Service Assistant app for easy maintenance and organization of shafts and machines in agriculture!

The WCS Assistant app makes instructions for maintenance and repair work available on the smartphone at any time and for each shaft. In addition, all maintenance work carried out for each individual shaft is documented in a digital checkbook.

iOS app: <https://apps.apple.com/us/app/walterscheid-connected-service/id1571069466>

Android app: <https://play.google.com/store/apps/details?id=com.walterscheid.connectedservice>

alive5

alive5 makes it simple for your business to provide a personal sales & support experience via 2-way SMS messaging. Allow customers to send you texts from any mobile device to your designated line that they can save as a contact on their phones.

iOS app: <https://apps.apple.com/pk/app/alive5/id1230065911>

Android app: <https://play.google.com/store/apps/details?id=com.alive5.mobileapp>
